**jean francois millet angelus:** Millet and Modern Art Simon R. Kelly, Maite van Dijk, Nienke Bakker, Abigail Yoder, 2019 During his lifetime, the French artist Jean-François Millet (1814-1875) was frequently criticized for his peasant paintings. Traditionalists objected to his raw, radical technique and the sharp social critique they perceived in his work. Shortly after his death, however, Millet was embraced as a national hero who had captured the French countryside in all its glory. The artist's fame extended from Europe to America and Russia, and his modern style and sympathetic depiction of peasant life remained a source of inspiration until well into the twentieth century. This publication sets Millet's work in the context of the figures he inspired: artists including Vincent van Gogh, Claude Monet, Giovanni Segantini, Winslow Homer, Paula Modersohn-Becker, Kazimir Malevich, Edvard Munch, and Salvador Dalí--

**jean francois millet angelus:** Praying the Angelus Jared Dees, 2017-03-03 The Angelus is a centuries-old Catholic devotion that recalls the annunciation of Christ's birth by the Angel Gabriel to the Virgin Mary. In Praying the Angelus, popular author and speaker Jared Dees reinvigorates the devotion, shares intimately from his own experience of it, shows us how to get started, and enriches the practice with original meditations to reflect on the words of both the Angelus and the Regina Caeli. Jared Dees was twenty-seven and in his fourth year of teaching religion in a Catholic school when he first experienced the Angelus. The creator of The Religion Teacher website allows the devotion to anchor his prayer life and challenge him to daily conversion of heart and will. Dees introduces the Angelus devotion and explores its rich history and significance for the Church. As spiritual companion and guide, he offers meditations on the words and images of both the Angelus and the Regina Caeli, which is prayed during the Easter season. We find lessons about the power of repetitive prayer, the humility of being a disciple, the importance of admitting time belongs to God, the wisdom of taking time with discernment, and the joy of resting in the Lord's presence. He shares personal stories of the life-change power of the Angelus and guides both newcomers and those already familiar with the prayer to contemplate the mysteries of salvation that lie at the heart of the devotion—the Annunciation, Incarnation, and Resurrection. Named for the opening words of the devotion's first prayer in Latin, The Angel of the Lord declared unto Mary, the Angelus is typically prayed at 6:00 a.m., noon, and 6:00 p.m. each day. Likewise the Regina Caeli is named for the opening lines of its prayer, Queen of heaven, rejoice, alleluia. Praying the Angelus is supported by Dees's website, [TheAngelusPrayer.com](http://TheAngelusPrayer.com), where people can gather online to participate in and share this devotion with others.

**jean francois millet angelus:** Intransitive Encounter Nan Da, 2018-12-25 Why should the earliest literary encounters between China and the United States—and their critical interpretation—matter now? How can they help us describe cultural exchanges in which nothing substantial is exchanged, at least not in ways that can easily be tracked? All sorts of literary meetings took place between China and the United States in the nineteenth and early twentieth centuries, involving an unlikely array of figures including canonical Americans such as Washington Irving, Ralph Waldo Emerson, and Henry Wadsworth Longfellow; Chinese writers Qiu Jin and Dong Xun; and Asian American writers like Yung Wing and Edith Eaton. Yet present-day interpretations of these interactions often read too much into their significance or mistake their nature—missing their particularities or limits in the quest to find evidence of cosmopolitanism or transnational hybridity. In Intransitive Encounter, Nan Z. Da carefully re-creates these transpacific interactions, plying literary and social theory to highlight their various expressions of indifference toward synthesis, interpollination, and convergence. Da proposes that interpretation trained on such recessive moments and minimal adjustments can light a path for Sino-U.S. relations going forward—offering neither a geopolitical showdown nor a celebration of hybridity but the possibility of self-contained cross-cultural encounters that do not have to confess to the fact of their having taken place. Intransitive Encounter is an unconventional and theoretically rich reflection on how we ought to interpret global interactions and imaginings that do not fit the patterns proclaimed by contemporary literary studies.

**jean francois millet angelus:** *Men Without Work* Nicholas Eberstadt, 2016-09-12 By one reading, things look pretty good for Americans today: the country is richer than ever before and the unemployment rate is down by half since the Great Recession—lower today, in fact, than for most of the postwar era. But a closer look shows that something is going seriously wrong. This is the collapse of work—most especially among America's men. Nicholas Eberstadt, a political economist who holds the Henry Wendt Chair in Political Economy at the American Enterprise Institute, shows that while "unemployment" has gone down, America's work rate is also lower today than a generation ago—and that the work rate for US men has been spiraling downward for half a century. Astonishingly, the work rate for American males aged twenty-five to fifty-four—or "men of prime working age"—was actually slightly lower in 2015 than it had been in 1940: before the War, and at the tail end of the Great Depression. Today, nearly one in six prime working age men has no paid work at all—and nearly one in eight is out of the labor force entirely, neither working nor even looking for work. This new normal of "men without work," argues Eberstadt, is "America's invisible crisis." So who are these men? How did they get there? What are they doing with their time? And what are the implications of this exit from work for American society? Nicholas Eberstadt lays out the issue and Jared Bernstein from the left and Henry Olsen from the right offer their responses to this national crisis. **jean francois millet angelus:** **Vénus Noire** Robin Mitchell, 2020-02-15 Even though there were relatively few people of color in postrevolutionary France, images of and discussions about black women in particular appeared repeatedly in a variety of French cultural sectors and social milieus. In *Vénus Noire*, Robin Mitchell shows how these literary and visual depictions of black women helped to shape the country's postrevolutionary national identity, particularly in response to the trauma of the French defeat in the Haitian Revolution. *Vénus Noire* explores the ramifications of this defeat in examining visual and literary representations of three black women who achieved fame in the years that followed. Sarah Baartmann, popularly known as the Hottentot Venus, represented distorted memories of Haiti in the French imagination, and Mitchell shows how her display, treatment, and representation embodied residual anger harbored by the French. Ourika, a young Senegalese girl brought to live in France by the Maréchal Prince de Beauvau, inspired plays, poems, and clothing and jewelry fads, and Mitchell examines how the French appropriated black female identity through these representations while at the same time perpetuating stereotypes of the hypersexual black woman. Finally, Mitchell shows how demonization of Jeanne Duval, longtime lover of the poet Charles Baudelaire, expressed France's need to rid itself of black bodies even as images and discourses about these bodies proliferated. The stories of these women, carefully contextualized by Mitchell and put into dialogue with one another, reveal a blind spot about race in French national identity that persists in the postcolonial present.

**jean francois millet angelus:** **Jean-Francois Millet. Sower of Modern Art** , 2019 An insightful overview of how Millet influenced and inspired many modernist artists that followed him Jean-Francois Millet (1814-1875) was one of the most important artists of the Barbizon School. Through his publicly exhibited works and their critical reception, Millet was of crucial significance to modernist painters. Millet's modernity is evident in his varied subjects-from peasant themes to

landscapes to nudes-and his anti-academic, rough paint application. He also produced highly inventive pastels and drawings. Jean-Francois Millet examines the international range of artists whom he influenced. For instance, Millet was an artistic hero for Vincent van Gogh, whose treatment of numerous motifs-including The Sower and Starry Night-was directly inspired by the older artist. Van Gogh even painted a remarkable series of 21 copies after Millet's work while living in the south of France in the final year of his life. Other artists on whom Millet had a profound impact include Camille Pissarro, Georges Seurat, Claude Monet, Edgar Degas, and Winslow Homer, and, in the 20th century, most notably Edvard Munch and Salvador Dali. 00Exhibition: Van Gogh Museum, Amsterdam, The Netherlands (04.10.2019-12.01.2020) / Saint Louis Art Museum, St. Louis, USA (16.02.-17.05.2020).

**jean francois millet angelus: The Discovery of France: A Historical Geography** Graham Robb, 2008-10-17 A witty, engaging narrative style...[Robb's] approach is particularly engrossing. —New York Times Book Review A narrative of exploration—full of strange landscapes and even stranger inhabitants—that explains the enduring fascination of France. While Gustave Eiffel was changing the skyline of Paris, large parts of France were still terra incognita. Even in the age of railways and newspapers, France was a land of ancient tribal divisions, prehistoric communication networks, and pre-Christian beliefs. French itself was a minority language. Graham Robb describes that unknown world in arresting narrative detail. He recounts the epic journeys of mapmakers, scientists, soldiers, administrators, and intrepid tourists, of itinerant workers, pilgrims, and herdsmen with their millions of migratory domestic animals. We learn how France was explored, charted, and colonized, and how the imperial influence of Paris was gradually extended throughout a kingdom of isolated towns and villages. *The Discovery of France* explains how the modern nation came to be and how poorly understood that nation still is today. Above all, it shows how much of France—past and present—remains to be discovered. A New York Times Notable Book, Publishers Weekly Best Book, Slate Best Book, and Booklist Editor's Choice.

**jean francois millet angelus: James Ensor** Patricia G. Berman, 2002 The brash young artist James Ensor painted Christ's Entry into Brussels in 1889 during a period of extraordinary artistic and political fomentation in his native Belgium. It is one of the most dazzling, innovative, and perplexing paintings created in Europe in the late nineteenth century, rivaling any work of its period in audacity and ambition. Huge in scale, complex in design and execution, and brimming with social commentary, the startling canvas presents a scene filled with clowns, masked figures, and--barely visible amid the swirling crowds--the tiny figure of Christ on a donkey entering the city of Brussels. This insightful volume examines the painting in light of Belgium's rich artistic, social, political, and theological debates in the late nineteenth century, and in the context of James Ensor's exceptional career, in order to decipher some of the painting's messages and meanings.

**jean francois millet angelus: Breakfast at Sotheby's** Philip Hook, 2014-10-02 "A witty journey through the wonderfully tumultuous world of art dealers and markets—organized in the style of a dictionary, complete with a glossary." —Interview Two questions are key to experiencing a

work of art in a museum or exhibition: 1.) Do I like it? 2.) Who's it by? You need quite a few more questions if you're in an auction room or dealer's gallery, however. You'll find yourself asking, How much is it worth? How much will it be worth in five or ten years? And finally, what will people think of me if they see it hanging on my wall? Breakfast at Sotheby's is not only a guide to finding the answers to such questions, but also a glimpse into the rarely discussed financial side of the art world. Based on author Philip Hook's thirty-five years of experience in the art market, the book explores various shades of artist (including -isms, Gericault, and suicides), subject and style (from abstract art and banality through surrealism and war), "wall-power," provenance, and market weather. Comic, revealing, piquant, splendid, and occasionally absurd, Breakfast at Sotheby's is a book of pleasure and intelligent observation, as engaged with art as it is with the world that surrounds it. "A breezy, whimsical and often wry compendium, chock-full of hard-won wisdom about what makes someone spend millions of dollars to buy an artwork at auction." —The New York Times "A winner. Readers will learn more about the modern art market in this simple book than in any college course." —Kirkus Reviews (starred review)

According to the youths chosen for this special mission of renewal, the mother of Jesus is bringing an urgent plea from her Son to all mankind to turn away from a world terminally ill with the disease of sin and reconcile with Him." —Wayne Weible

**jean francois millet angelus: The Clearing** Allison Adair, 2020-06-09 A poetry debut that's "a lush, lyrical book about a world where women are meant to carry things to safety and men leave decisively" (Henri Cole). Luminous and electric from the first line to the last, Allison Adair's debut collection navigates the ever-shifting poles of violence and vulnerability with a singular incisiveness and a rich imagination. The women in these poems live in places that have been excavated for gold and precious ores, and they understand the nature of being hollowed out. From the midst of the Civil War to our current era, Adair charts fairy tales that are painfully familiar, never forgetting that violence is often accompanied by tenderness. Here we wonder, "What if this time instead of crumbs the girl drops / teeth, her own, what else does she have"? The Clearing knows the dirt beneath our nails, both alone and as a country, and pries it gently loose until we remember something of who we are, "from before . . . from a similar injury or kiss." There is a dark beauty in this work, and Adair is a skilled stenographer of the silences around which we orbit. Described by Henri Cole as "haunting and dirt caked," her unromantic poems of girlhood, nature, and family linger with an uncommon, unsettling resonance. Winner of the 2019 Max Ritvo Poetry Prize Praise for The Clearing "A dark and bodily nod to folk- and fairy-tale energy." —Boston Globe "The poems in Adair's debut draw on folklore and the animal world to assert feminist viewpoints and mortal terror in lush musical lines, as when "A fat speckled spider sharpens / in the shoe of someone you need." —New York Times Book Review, "New & Noteworthy Poetry" "Like Grimms' fairy tales, Adair's poems are dark without

being bleak, hopeless, or disturbing. Readers will find the collections lush language and provocative imagery powerfully resonant.” —Publishers Weekly (Starred Review)
