le pont mirabeau apollinaire: Zone Guillaume Apollinaire, 2015-11-24 Zone is the fruit of poet-translator Ron Padgett's fifty-year engagement with the work of France's greatest modern poet. This bilingual edition of Apollinaire's poetry represents the full range of his achievement from traditional lyric verse to the pathbreaking visual poems he called calligrams, from often-anthologized classics to hitherto-untranslated gems, from poems of cosmic breadth to a poem about his shoes. Including an introduction by the distinguished scholar Peter Read, helpful endnotes, a preface, and an annotated bibliography by Padgett, this new edition of Apollinaire stands out not only for its compact and judicious selection of the essential poems but also as the work of an important American poet. The Washington Post has said, "No praise can be too high for Ron Padgett's translations."

le pont mirabeau apollinaire: Satie on the Seine Gerald Vizenor, 2020-09-04 In this historical epistolary novel from an award-winning author, Native American brothers survive the Nazi occupation of Paris. In this powerful epistolary novel, acclaimed Anishinaabe author Gerald Vizenor interweaves history, cultural stories, and irony to reveal a shadow play of truth and politics. Basile Hudon Beaulieu lives in a houseboat on the River Seine in Paris between 1932 and 1945. He observes the liberals, fascists, artists, and bohemians, and presents puppet shows. His thoughts and experiences are documented in the form of fifty letters to the heirs of the fur trade. Basile comments on the mercy of liberté, the torment and solidarity of Le Front Populaire and the alliance of political leftists, and considers at the same time the massacres of Native Americans, and the misery of federal policies on reservations in relation to the savage strategies of royalists, fascists, communists, and anti-Semites. The hand puppets created by Basile and his brother Aloysius make brilliant commentaries of their own, and the letters include accounts of parleys between the puppet versions of Gertrude Stein and Adolf Hitler, Apollinaire and Anaïs Nin, Sitting Bull and Victor Hugo, Carlos Montezuma and Émile Zola, Chief Joseph and Voltaire, and others. Vizenor is a unique voice of Native American presence in the world of literature, and in his inimitable creative style he delivers a moving, challenging, and darkly humorous commentary on war and modernity.

le pont mirabeau apollinaire: An Anthology of Modern French Poetry (1850-1950) Peter Broome, Graham Chesters, 1976-07-15 This anthology is the companion volume to *The Appreciation of Modern French Poetry*, the aim of which was to give detailed preliminary help with the problems of poetic appreciation. The fourteen poets represented here provide a varied and exciting introduction to what is probably the richest century of French poetry, from 1850 to 1950. Hugo, the colossus of the nineteenth century, whose work gives new resonance and vitality to imaginative vision, opens the anthology, and Michaux, the most individual and 'modern' of twentieth-century poets in that he bridges the gap between poetry and contemporary science, closes it. Almost all the

major poets of the period are included: Nerval, Baudelaire, Mallarmé, Verlaine, Rimbaud and Laforgue from the second half of the nineteenth century; Valéry, Apollinaire, Supervielle and Eluard in the twentieth. The lesser known Cros and Desnos, fresh and spontaneous poets with an immediate appeal, invite a new look at the lyric traditions of French verse and offer an attractive new avenue for study. The choice of poems, dictated above all by their individual poetic value, reflects also the trends of recent criticism and the tastes of present-day readers. The texts are all accompanied by full notes, which not only explain local difficulties of vocabulary, syntax and expression, but lead the reader directly into the heart of the richness of theme, style and interpretation. These will prove of value not only to the student who is grappling with the basics of French verse, or is anxious to give depth to his familiarity, but to the general reader seeking to rekindle his enjoyment of French poetry. In addition, there are introductions to each poet summarizing the essence of his art, useful suggestions for further reading, and groups of discussion topics to stimulate comparative insights and a wider responsiveness.

le pont mirabeau apollinaire: *The Cubist Painters* Guillaume Apollinaire, 2004-10-25 This is a new, authoritative translation and critical edition of one of the twentieth-century's most important and poetically resonant books on Picasso, Braque, Cubism, and the beginnings of modern art.

le pont mirabeau apollinaire: *Cubism* Guillaume Apollinaire, Dorothea Eimert, Anatoli Podoksik, 2024-07-28 *Les Demoiselles d'Avignon*: five young women that changed modern art forever. Faces seen simultaneously from the front and in profile, angular bodies whose once voluptuous feminine forms disappear behind asymmetric lines - with this work, Picasso revolutionised the entire history of painting. Cubism was thus born in 1907. Transforming natural forms into cylinders and cubes, painters like Juan Gris and Robert Delaunay, led by Braque and Picasso, imposed a new vision upon the world that was in total opposition to the principles of the Impressionists. Largely diffused in Europe, Cubism developed rapidly in successive phases that brought art history to all the richness of the 20th-century: from the futurism of Boccioni to the abstraction of Kandinsky, from the Suprematism of Malevich to the Constructivism of Tatlin. Linking the core text of Guillaume Apollinaire with the studies of Dr Dorothea Eimert, this work offers a new interpretation of modernity's crucial moment and permits the reader to rediscover, through their biographies, the principal representatives of the movement.

le pont mirabeau apollinaire: *Melodies Unheard* Anthony Hecht, 2003-05-22 In these essays, acclaimed poet and critic Anthony Hecht explores the ways in which poetry can be read and the many pleasures it affords. Ranging from Shakespeare's sonnets to Eliot, Frost, and Simic, *Melodies Unheard* offers profound insight into poetic form, meter, rhyme, and meaning--into the mysteries of poetry itself. Anthony Hecht's vast knowledge of literature and his gift for mesmerizing argument are both amply present in *Melodies Unheard*. Whether defending the sestina against accusations of boredom and dolefulness or examining the structure of Shakespeare's sonnets or unraveling some of the complexity of Moby-Dick, these essays are models of civility, candor, and grace. I know of no other poet, certainly none of Anthony Hecht's stature, who sheds as much light on the intricacies and hidden designs of poems and who does it with such style.--Mark Strand Anthony Hecht declares himself 'a poet first and only secondarily a critic,' but *Melodies Unheard* proves again that he is a master in both trades. His discourse on such subjects as rhyme, the sestina, and 'the music of forms' is both scholarly and delightful; his articles on individual poets are finely done; and best of all

le pont mirabeau apollinaire: *Wandering God* Morris Berman, 2012-02-01 The third book in Morris Berman's much acclaimed trilogy on the evolution of human consciousness, *Wandering God* continues his earlier work which garnered such praise as solid lessons in the history of ideas (KIRKUS Reviews), filled with piquant details (Common Boundary), and an informative synthesis and a remarkably friendly, good-natured jeremiad (The Village Voice). Here, in a remarkable discussion of our hunter-gatherer ancestry and the paradoxical mode of perception that it involved, Berman shows how a sense of alertness, or secular/sacred immediacy, subsequently got buried by the rise of

sedentary civilization, religion, and vertical power relationships. In an integrated tour de force, *Wandering God* explores the meaning of Paleolithic art, the origins of social inequality, the nature of cross-cultural child rearing, the relationship between women and agriculture, and the world view of present-day nomadic peoples, as well as the emergence of paradoxical consciousness in the philosophical writings of the twentieth century.

le pont mirabeau apollinaire: Reading Apollinaire's Alcools Willard Bohn, 2016-10-27

Reviewing the previous scholarship for seventeen of the most important poems in *Alcools*, this book provides a detailed analysis of each work and includes a state-of-the-art survey of current Apollinaire criticism. Besides acquainting readers with the existing scholarship, the book considers all the interpretations that have been proposed and indicates profitable directions to pursue. Each poem is subjected to a rigorous, line-by-line analysis that engages in a succession of dialogues with previous critics. The studies themselves are arranged in roughly chronological order, beginning with the "Rhénanes" in 1901-1902 and concluding with "Zone" in 1912. Although each chapter is basically conceived as an independent unit, readers are able to follow the evolution of Apollinaire's aesthetics from his first mature creations through his subsequent experiments with fantastic, hermetic, visionary, and cubist poetry. At the same time, they witness Apollinaire's personal evolution from his infatuation with Annie Playden through a period of deep depression, his love affair with Marie Laurencin, and the aftermath of that relationship.

le pont mirabeau apollinaire: The Body and the Book, 2015-06-29 The stimulating mix of academics and practising poets that have contributed to this volume provides an unusual and illuminating integration of critical and creative practice and a vibrantly diverse approach to questions of poetry and sexuality. Each section of essays is complemented by poems which creatively illustrate or develop the theme with which the essays critically engage. Rather than being limited to a specific genre, tradition, time or place, this collection seeks to make a virtue of contrast, comparison and juxtaposition. The collection is arranged into sections that range broadly across the thematic ground of dichotomies, traditions and revisions, microscopic and macroscopic perspectives, women and embodiment, and the notion of play and performance. Positioning eighteenth-century tinkers ballads alongside medieval Hebrew lyrics and the Blues of Gorgeous Puddin', or making Dionysus rub shoulders with Sharon Olds and Mrs Rochester provides new perspectives on familiar material and valuable insights into more obscure work and the nature of sensual poetry as a mode of expression. As the editors suggest, the essays and poems presented collectively argue that writings about sexuality are always already about the way poets see and represent our bodies, the world and poetic language itself.

le pont mirabeau apollinaire: Prague Palimpsest Alfred Thomas, 2010-10-15 A city of immense literary mystique, Prague has inspired writers across the centuries with its beauty, cosmopolitanism, and tragic history. Envisioning the ancient city in central Europe as a multilayered text, or palimpsest, that has been constantly revised and rewritten—from the medieval and Renaissance chroniclers who legitimized the city's foundational origins to the modernists of the early twentieth century who established its reputation as the new capital of the avant-garde—Alfred Thomas argues that Prague has become a paradoxical site of inscription and effacement, of memory and forgetting, a utopian link to the prewar and pre-Holocaust European past and a dystopia of totalitarian amnesia. Considering a wide range of writers, including the city's most famous son,

Franz Kafka, Prague Palimpsest reassesses the work of poets and novelists such as Bohumil Hrabal, Milan Kundera, Gustav Meyrink, Jan Neruda, Vítězslav Nezval, and Rainer Maria Rilke and engages with other famous authors who "wrote" Prague, including Guillaume Apollinaire, Ingeborg Bachmann, Albert Camus, Paul Celan, and W. G. Sebald. The result is a comparative, interdisciplinary study that helps to explain why Prague—more than any other major European city—has haunted the cultural and political imagination of the West.

Themes include life's beauties, the emotions of love, and the pain of loss.

le pont mirabeau apollinaire: The Turn of the Century Christian Berg, Frank Durieux, Geert Lernout, 1995 Rewritten versions of contributions to an international conference held at the University of Antwerp in May 1992. Starting point for the conference was the vagueness of the very terms 'modernism' and 'modernity'. In the first section a group of comparatists address the theoretical and terminological problems of modernism. Practical readings of modernist writers; discussions of different modernist movements; and, the work of critics who have contributed to debates about modernism make up the second section. The third section looks at the problem of modernism from an interartistic and interdisciplinary perspective.

le pont mirabeau apollinaire: **Playing with Earth and Sky** James Housefield, 2016-07-05

Playing with Earth and Sky reveals the significance astronomy, geography, and aviation had for Marcel Duchamp - widely regarded as the most influential artist of the past fifty years. Duchamp transformed modern art by abandoning unique art objects in favor of experiences that could be both embodied and cerebral. This illuminating study offers new interpretations of Duchamp's momentous works, from readymades to the early performance art of shaving a comet in his hair. It demonstrates how the immersive spaces and narrative environments of popular science, from museums to the modern planetarium, prepared paths for Duchamp's nonretinal art. By situating Duchamp's career within the transatlantic cultural contexts of Dadaism and Surrealism, this book enriches contemporary debates about the historical relationship between art and science. This truly original study will appeal to a broad readership in art history and cultural studies.

le pont mirabeau apollinaire: **André Breton** J. H. Matthews, 1986-01-01 Breton's stature is much greater than that of a number of contemporaries who have received, already, far more

attention from the critics than he. It provides justification without excuse, especially when the commentator's purpose is to shed light on the intricacies of Breton's mind, the significance of his original work, or the impact of his ideas on twentieth-century culture. Hence the aim pursued in the present study may be stated without further preamble: To attempt to broaden understanding of the evolution of Andr Breton's thinking during a critical period in his life, the one which brought him to leadership of the surrealist movement in France. Evidently, the focus here is narrow, the goal being to give clearer definition to the intellectual state of a young man emerging from doubt--and so from self-doubt--into renewed confidence in his poetic calling.

le pont mirabeau apollinaire: Dialogism and Lyric Self-fashioning Jacob Blevins, 2008 Using Mikhail Bakhtin as a kind of theoretical starting point, this volume of essays investigates the manifestation of such competing voices within the tradition of lyric poetry. The lyric subject's understanding of himself/herself - through the very act of speaking/writing - is irrevocably connected, on multiple levels, to the heard and unheard voices of others. No matter how private the voice of the lyric speaker appears to be, nearly every utterance is formed from and then positioned between what others have said or will say. Included here are essays on the classical, medieval, early modern, and modern lyric. Some of the essays in this volume engage Bakhtin head-on; others, by focusing explicitly on the construction of the subject through multiple discursive dialogues implicitly bring Bakhtin to bear. These essays engage multiple elements of dialogism, including the convergence of masculine and feminine voices, public and private discourses, intertextuality and the voices of the past, the dialogue between literature and art, and the always present dialogue between speaker(s) and reader(s).--BOOK JACKET.

le pont mirabeau apollinaire: What the Thunder Said Jed Rasula, 2022-12-06 On the 100th anniversary of T. S. Eliot's modernist masterpiece, a rich cultural history of *The Waste Land's* creation, explosive impact, and enduring influence When T. S. Eliot published *The Waste Land* in 1922, it put the thirty-four-year-old author on a path to worldwide fame and the Nobel Prize. "But," as Jed Rasula writes, "*The Waste Land* is not only a poem: it names an event, like a tornado or an earthquake. Its publication was a watershed, marking a before and after. It was a poem that unequivocally declared that the ancient art of poetry had become modern." In *What the Thunder Said*, Rasula tells the story of how *The Waste Land* changed poetry forever and how this cultural bombshell served as a harbinger of modernist revolution in all the arts, from abstraction in visual art to atonality in music. From its famous opening, "April is the cruellest month, breeding / Lilacs out of

the dead land," to its closing Sanskrit mantra, "Shantih shantih shantih," *The Waste Land* combined singular imagery, experimental technique, and dense allusions, boldly fulfilling Ezra Pound's injunction to "make it new." What the Thunder Said traces the origins, reception, and enduring influence of the poem, from its roots in Wagnerism and French Symbolism to the way its strangely beguiling music continues to inspire readers. Along the way, we learn about Eliot's storied circle, including Wyndham Lewis, Virginia Woolf, and Bertrand Russell, and about poets like Mina Loy and Marianne Moore, whose innovations have proven as consequential as those of the "men of 1914." Filled with fresh insights and unfamiliar anecdotes, What the Thunder Said recovers the explosive force of the twentieth century's most influential poem.

le pont mirabeau apollinaire: *French Literature* Alison Finch, 2010-07-19 The depth and range of this book are astonishing, as it describes the cultural conditions out of which French literature has emerged as a vital component of Western civilization from the Middle Ages to the present day. Informative and immensely readable, it makes a compelling and humane case for the continued study of literature in a changing world. —Colin Davis, Royal Holloway, University of London Written with great panache, this book locates French literature in the wider culture of the Western world. Finch shows how, from Marie de France to MC Solar, literature in France has always intertwined with politics, history, geography, money, sex, language, gender, class and race. Women writers and the new Francophone literatures receive welcome recognition. A remarkable achievement. —Michael Sheringham, Oxford University Alison Finch's superbly written book brings the cultural dimension of French literature fully into focus. While revealing how the agenda of literary study has changed, she demonstrates that we can engage with the great canonical texts of French literature in new and exciting ways. The book is to be commended for its clarity, its shrewd analyses and its sheer readability. —Tim Unwin, Bristol University This book is the first to offer a cultural history of French literature from its very beginnings, analysing the relationship between French literature and France's evolving power structures from the Middle Ages through to the present day. It shows the political connections between the elite literature of France and other aspects of its culture, from racism, misogyny, tolerance and liberal reform to song, street performance, advertizing and cinema. The nation's literature contributed to these and was shaped by them. The book highlights the continuities and the unique fault-lines in the society that, over a millennium, has produced 'French culture'. It looks at France's early and continuing struggle for a national identity through both its language and its literature, and it shows that this struggle co-exists with openness to other cultures and a bawdy or subtle rebelliousness against the Church and other forms of authority. En route it takes in cuisine, gardens and the French tradition in mathematics. The survey provides an accessible approach to key issues in the history of French culture as well as a wide context for specialists.

le pont mirabeau apollinaire: *Into the Heart of European Poetry* John Taylor, 2008 John Taylor's brilliant new book examines the work of many of the major poets who have deeply marked modern and contemporary European literature. Venturing far and wide from the France in which he

has lived since the late 1970s, the polyglot writer-critic not only delves into the more widely translated literatures of Italy, Greece, Germany, and Austria, but also discovers impressive and overlooked work in Slovenia, Bosnia, Hungary, Finland, Norway, and the Netherlands in this book that ranges over nearly all of Europe, including Russia. While providing this stimulating and far-ranging critical panorama, Taylor brings to light key themes of European writing: the depth of everyday life, the quest of the thing-in-itself, metaphysical aspiration and anxiety, the dialectics of negativity and affirmation, subjectivity and self-effacement, and uprootedness as a category that is as ontological as it is geographical, historical, political, or cultural. The book pays careful attention to the intersection of writing and history (or politics), as several poets featured here have faced the Second World War, the Holocaust, Communism, the fall of Communism, or the war in the former Yugoslavia. Taylor gives the work of renowned, upcoming, and still little-known poets a thorough look, all the while scrutinizing recent translations of their verse. He highlights several poets who are also masters of the prose poem. He includes a few novelists who have fashioned a particularly original kind of poetic prose, that stylistic category that has proved so difficult for critics to define. *Into the Heart of European Poetry* should be of immediate interest to any reader curious about the aesthetic and philosophical ideas underlying major trends of contemporary European writing. In a day and age when much too little is translated and thus known about foreign literature, and when Europeans themselves are pondering the common denominators of their own culture, this book is as indispensable as it is engaging. John Taylor has lived in France since 1977. A frequent contributor to the *Times Literary Supplement*, *Context*, the *Yale Review*, the *Antioch Review*, the *Michigan Quarterly Review*, and *Chelsea*, he has introduced numerous European writers and poets to English readers, often for the first time. Some of his works include *The Apocalypse Tapestries*, a book of poetry and prose based on the famous tapestries in the Chateau of Angers, and *Paths to Contemporary French Literature* (Volumes 1 and 2).

le pont mirabeau apollinaire: La Poésie française à travers ses succès Emmanuel de Waresquiel, Benoît Laudier, 1997-01-01T00:00:00+01:00 Une anthologie des 130 plus beaux poèmes de langue française, de Rutebeuf à Gainsbourg, par ordre chronologique, en 5 chapitres : Renaissance, âge classique, romantismes, modernité, contemporaines. « Copyright Electre »

le pont mirabeau apollinaire: The Literary Stylistics of French Carol A. Bellard-Thomson, 1992 This work on French literary style covers basic language features, various kinds of abstraction, language patterns, inference, narrative structures, interpretation and evaluation and poetry, drama and prose. The book ends with coverage of the kinds of problems (excess of inference) that can occur.

le pont mirabeau apollinaire: *Untwisting the Serpent* Daniel Albright, 2000 Modernist art often seems to give more frustration than pleasure to its audience. Daniel Albright shows that this perception arises partly because we usually consider each art form in isolation, rather than collaboration.

le pont mirabeau apollinaire: Singing Poets Dimitris Papanikolaou, 2017-12-02 Between 1945 and 1975, in both France and Greece, literature provided the aesthetic criteria, cultural prestige and institutional basis for what aspired to be a higher form of popular song and the authentic representative of a national popular music. Published poems were set to popular music, while critical discourse celebrated some songwriters not only for being 'as good as poets' but for being 'singing poets' in their own right. This challenging and stimulating study is the first to chart the parallel cultural processes in the two countries from a comparative perspective. Bringing together cultural studies with literary criticism, it offers new angles on the work of Georges Brassens, Leo Ferre, Jacques Brel, Mikis Theodorakis, Manos Hadjidakis and Dionysis Savvopoulos.

le pont mirabeau apollinaire: Theodore De Banville David Evans, 2018-12-13 Theodore de Banville (1823-1891) was a prolific poet, dramatist, critic and prose fiction writer whose significant contribution to poetic and aesthetic debates in nineteenth-century France has long been overlooked. Despite his profound influence on major writers such as Baudelaire, Rimbaud, Verlaine and Mallarmé, Banville polarised critical opinion throughout his fifty-year career. While supporters

championed him as a virtuoso of French verse, many critics dismissed his formal pyrotechnics, effervescent rhythms and extravagant rhymes as mere clowning. This book explores how Banville's remarkably coherent body of verse theory and practice, full of provocative energy and mischievous humour, shaped debates about poetic value and how to identify it during a period of aesthetic uncertainty caused by diverse social, economic, political and artistic factors. It features a detailed new reading of Banville's most infamous and misunderstood text, the *Petit Traité de poésie française*, as well as extended analyses of verse collections such as *Les Stalactites*, *Odes funambulesques*, *Les Exiles*, *Trente-six Ballades* and *Rondels*, illuminated by wide reference to Banville's plays, fiction and journalism. Evans elucidates not only aesthetic tensions at the heart of nineteenth-century French verse, but also a centuries-old tension between verse mechanisms and an unquantifiable, mysterious and elusive poetics which emerges as one of the defining narratives of poetic value from the Middle Ages, via the *Grands Rhétoriciens* and Dada, to the experiments of the *OuLiPo* and beyond.
